MERGER PROTECTIONS. In the event that Pinnacle Airlines (the "Company") acquires another air carrier, or is acquired by another air carrier, and in either instance the acquirer plans an operational merger between the Company and the other air carrier (the "Carrier Parties") (i.e., the combination of all or substantially all of the assets of the two carriers), the following provisions will apply:

I. Single Carrier Proceedings.

A. Within ninety (90) days of the closing of the corporate acquisition transaction, the Union shall initiate proceedings before the National Mediation Board ("NMB") to determine the post-merger representative of the craft or class of employees subject to this Agreement.

II. Seniority Integration Procedures

A. If the employees of both pre-merger carriers in this craft or class are represented by the same organization, there shall be a seniority integration of the two employee groups (the "Labor Parties") in accordance with the Merger Policy of their representative, if any;

B. Unless otherwise required by law or agreed to by the parties, seniority integration procedures required pursuant to this subsection shall be initiated no later than 90 days after the closing of the corporate acquisition transaction or no later than thirty (30) days after the single carrier determination by the NMB, whichever is earlier, and concluded within ninety (90) days thereafter.

C. If the employees in one of the two pre-merger carriers in this craft or class are not represented, or if the employees of the two pre-merger carriers in this craft or class are not represented by the same labor organization, or if they are represented by the same labor organization, but that organization has no Merger Policy, the seniority lists will be integrated pursuant to Sections 3 and 13 of the Allegheny-Mohawk Labor Protection Provisions (LPPs) in accordance with the McCaskill Amendment, 49 U.S.C. § 42112 note (2007).

1. Section 3 of the *Allegheny -Mohawk LPPs* provides: "Insofar as the merger affects the seniority rights of the carriers employees, provisions shall be made for the integration of seniority lists in a fair

and equitable manner, including, where applicable, agreement through collective bargaining between the carriers and the representatives of the employees affected. In the event of failure to agree, the dispute may be submitted by either party for adjustment in accordance with section 13."

2. Section 13(a) of the *Allegheny -Mohawk* LPPs provides: "In the event that any dispute or controversy (except as to matters arising under section 9) arises with respect to the protections provided herein which cannot be settled by the parties within 20 days after the controversy arises, it may be referred by any party to an arbitrator selected from a panel of seven names furnished by the National Mediation Board for consideration and determination. The parties shall select the arbitrator from such panel by alternatively striking names until only one remains, and he shall serve as arbitrator. Expedited hearings and decisions will be expected, and a decision shall be rendered within 90 days after the controversy arises, unless an extension of time it is mutually agreeable to all parties. The salary and expenses of the arbitrator shall be borne equally by the carrier and (i) the organization or organizations representing employee or employees or (ii) if unrepresented, the employee or employees or group or groups of employees. The decision of the arbitrator shall be final and binding on the parties."
3. Section 13(b) of the *Allegheny -Mohawk* LPPs provides: "The above condition shall not apply if the parties by mutual agreement determine that an alternative method for dispute settlement or an alternative procedure for selection of an arbitrator is appropriate in their particular dispute. No party shall be excused from complying with the above condition by reason of having suggested an alternative method or procedure unless and until that alternative method or procedure shall have been agreed to by all parties."

III. Modification of Procedures Under Section 13 of *Allegheny-Mohawk* LPPs.

- A. To facilitate completion of the seniority integration process as efficiently and quickly as possible, the Carrier Parties and the Labor Parties agree to modify and supplement Section 13 of the *Allegheny-Mohawk* LPPs as set forth in this section.
- B. The Carrier Parties will respond as quickly as possible to reasonable requests for employment data or other information necessary for the seniority integration representatives to participate in negotiations or arbitration. The provision of

such data or information may be made subject to execution of confidentiality agreements.

- D. The Labor Parties agree to abide by the following schedule for completion of the seniority integration process and to use best efforts to compel any arbitrator to abide by the schedule.
 - 1. The Labor Parties will establish merger committees and retain counsel, to the extent that either step is necessary, within sixty (60) days after execution of the Merger Agreement.
 - 2. The Labor Parties will commence face to face negotiations within ninety (90) days after execution of the Merger Agreement.
 - 3. If the Labor Parties cannot reach agreement on an Integrated Seniority List through direct negotiations within sixty (60) days, they will select an arbitrator and schedule a hearing to begin no later than thirty (30) days following Closing.
 - a. The Labor Parties will condition selection of an arbitrator on the arbitrator's agreement to the conditions set forth below. The arbitrator shall conduct hearings and issue a decision in an expedited manner, and shall issue a decision no later than ninety (90) days following commencement of the hearing.
 - b. The arbitrator shall provide the decision and award and final Integrated Seniority List to the Carrier Parties at the same time as it is provided to the Labor Parties.
 - c. The final decision and award shall include as an integral part of the decision and award the Carrier Parties' conditions for acceptance as set forth in Section IV.A below.

IV. Acceptance of Integrated Seniority List.

A. The Carrier Parties will accept any Integrated Seniority List produced by negotiation or arbitration between the Labor Parties (including any conditions and restrictions set forth in the seniority integration agreement or in the arbitrator's decision and award) if, but only if, the Integrated Seniority List complies with the following requirements:

1. no "system flush" whereby an active flight attendant may displace any other active flight attendant from the latter's position; and
2. furloughed flight attendants may not bump/displace active flight attendants; and
3. no requirement for flight attendants to be compensated for flying not performed; and
4. does not contain conditions and restrictions that materially increase costs.

V. Implementation of Integrated Seniority List.

A. The pre-merger collective bargaining agreements (or terms of employment for unrepresented employees) of the two pre-merger employee groups in this craft or class shall be merged into one (1) agreement as the result of negotiations between the post-merger representative of the flight attendants and the acquirer. If a fully merged agreement is not executed within six (6) months from the date an integrated seniority list is presented to the acquirer, the parties shall jointly submit outstanding issues to binding interest arbitration. In such interest arbitration, the arbitrator will be required to produce an agreement with competitive labor terms and costs which do not exceed the industry average for employees in this craft or class among U.S. regional carriers providing regional feed to a mainline carrier with 100 hundred (100) or more aircraft in their active fleet; provided that the arbitrator shall be limited to the subjects of rates of pay, rules, and working conditions and shall have no authority to create restrictions on management rights or on the scope of business or business prerogatives of the Company, unless the Company has agreed to such restrictions.

VIII. Operations Pending Complete Operational Merger.

A. The acquiring Company in a merger transaction subject to this section shall have the option to integrate operations in whole or in part prior to the final completion of the operational merger, including common schedules, uniforms, livery and similar matters, but shall not co-mingle the employees in this craft or class at any location until the seniority integration procedures provided above have been concluded.

B. The acquiring Company in a merger transaction subject to this section shall also have the option to maintain and operate the two pre-merger entities as separate airlines pending the integration of seniority lists and negotiation of a consolidated collective bargaining agreement in accordance with this section.

Co-Domiciles

1. Flight Attendants may be concurrently domiciled at airports designated as a co-domicile. Each co-domicile will have one airport designated as the Primary base and the other airport(s) will be considered the Secondary base(s).
2. The Company will build published lines of time consisting only of trip sequences which start and end at the same co-domicile for the entire contractual month, including transition trip sequences. For example, a LGA co-domicile line of time will contain only trip sequences that originate and terminate in LGA. A trip sequence may include a surface leg(s) between the co-domiciles. Reserve assignments will also start and end at the same co-domicile.
3. At the Flight Attendant's request the Company will adjust awarded Open Time sequences so that they start and end at the same co-domicile (i.e., JFK or LGA). An Open Time sequence may include a surface leg(s) between the co-domiciles.
4. A Flight Attendant whose trip sequence begins with a ground deadhead between co-domiciles will not be required to sign in at the co-domicile where his/her ground deadhead begins. A Flight Attendant must inform Crew Scheduling whether he will be in position for the ground deadhead or his/her first departure without utilizing the ground deadhead.
5. If a Flight Attendant's ground deadhead at the completion of his/her sequence requires more time than what is originally scheduled he/she will notify crew scheduling of his/her arrival time at the co-domicile where his/her trip sequence originated. A Flight Attendant is not considered to be in "rest" pursuant to the Basic Agreement when deadheading.
6. The Company will provide transportation between co-domiciles, if necessary, due to cancellations or schedule changes which cause a Flight Attendant's trip to terminate at a different co-domicile than where the trip sequence originated. Such time spent in transit will not be considered rest. The Company may modify any surface deadhead between co-domiciles which originally was scheduled within fourteen hours of duty to exceed fourteen hours of duty. At the Flight Attendant's option, he/she will be released at the co-domicile where his/her flying terminated. Company provided ground transportation will not require the Flight Attendant to "front" the money and later submit for reimbursement.
7. A reserve Flight Attendant who drives his/her personal vehicle to work may, upon request, receive parking passes for both airports in a co-domicile.
8. The reserve callout time for the primary airport of a co-domicile is 120 minutes and the callout time for a secondary airport is 180 minutes.
9. Flight Attendants will be paid for all ground deadheads between co-domiciles in accordance with Section 19.C.
